

The European Commission's Joint Research Centre  
GEEL is very proud to be hosting the 15th ATOMIADE in  
June 2015 and I am looking forward to welcoming you to  
this part of Belgium.

The "Kempen" region is endowed with excellent sporting  
and tourist amenities and is also home to a number of  
important research establishments.

I am also pleased to inform you that we will have our  
very own "ATOMIADE VILLAGE" at the Sunparks  
Holiday Centre, giving us the exclusive use of the park  
for our participants for the entire duration of the games.

I hope you will all register in your numbers for this great  
event.

All we need is YOU !

Henry Koekenberg  
President ASCERI, Staff Member of the EC-JRC-Geel
